Copy 8 of 8

23 SEP 1963

MEMORANDUM FOR: AFIGO-S
Headquarters, USAF

ATTENTION : Colonel Leo P. Geary

25X1A

SUBJECT : Temporary Deployment of [redacted]
Aircraft to Andrews Air Force Base

25X1A
25X1A

1. The C-130 aircraft recently deployed to Germany on Project [redacted] has completed its measurement program against the [redacted] radar and returned to Little Rock Air Force Base. Preliminary analysis of the data indicates a highly successful operation.

25X1A
25X1A

2. The equipment presently installed in the aircraft would be of considerable value if flown against the [redacted] type radar recently constructed for the USAF by [redacted]. This radar is to be deployed to Eglin Air Force Base for use in developing USAF countermeasures and tactics techniques. The objective of a [redacted] type operation is to determine actual antenna patterns, beam powers, etc., and thus the degree to which this radar approaches the real [redacted].

25X1A

25X1A

3. It is requested that the [redacted] C-130 aircraft be deployed to Andrews Air Force Base on or about 1 October 1963 for a period of approximately one week for local test flights as discussed.
